

TRANSTEC 100

Medium-tack Paper Application Tape

PRODUCT DESCRIPTION

Spandex TransTec™ 100 is a medium-tack, paper application tape featuring a high grade saturated paper that is economical and suitable for a wide variety of vinyls.

It has a good adhesion to silicone-coated liner paper, thereby avoiding curling or separation during storage.

APPLICATIONS

TransTec™ 100 can be used in sign shops for general purpose use as pre-space and decal transfer. Pre-spacing tape is designed to assist in the application and transfer of pressure sensitive decals that have been cut into letters and legends.

TransTec™ 100 is also recommended for striping and die cut logos and is best used for pre-spaced lettering from 5cm up to 31cm.

TECHNICAL DATA

Dimensions roll	1220mm x 100m
Thickness paper	100-115 microns
Thickness paper + adhesive	125-135 microns
Adhesive Composition	Rubber-based acrylic
Adhesive type	Medium Tack
Removability	Removable
Colour	White (Translucent)
Adhesion to steel*	13-15 N/100mm
Tensile Strength	297 N/100mm
Elongation	4%
Tear resistance	50 grams
Shelf life*	1 year

* Adhesion PSTC-101, 1 minute on stainless steel at time of manufacture

** Stored at 21°C / 50% RH
